Dear Friend of Life Publishers,

What do thousands of pastors' coffee tables and office desks in Europe have in common?

They have copies of the *Enrichment* journal sitting on top of them!

“There is an emptiness and need for more systematic and practical literature . . . in the life of our Pentecostal congregations,” says Ivan Glvacko, pastor of the Evangelical Pentecostal Church in Zagreb, Hungary. ***“The Enrichment journal came at the right time to our tables. It is more than just a magazine. It is a valuable working tool completely based on the Bible.”***

Thanks to help given by friends like you, we are helping to publish *Enrichment* in Hungarian and several more European languages.

As a result, thousands of pastors overseas receive encouragement and new insight. You will find copies of *Enrichment* on their coffee tables and desks! Like in America, whatever European pastors consider dear and precious to them will lay on their coffee table or desktop, along with the Bible.

But the *Enrichment* journals don't just sit there and collect dust. They are put to good use!

Just \$12 helps give one pastor in Europe the *Enrichment* journal for one year.

Enrichment is a quarterly magazine published by the U.S. Assemblies of God with articles covering a wide range of ministry-related topics written **by** pastors **for** pastors.

Such resources aren't readily available to many pastors in Europe. **This is unfortunate because so much of Europe could be considered “unreached” or “least-reached” by the gospel.**

Why would I say that about Europe, the homeland of the Reformation and many great Pentecostal leaders throughout history? I say that because many of the pastors, to whom we're sending the *Enrichment* journal, live in countries that are considered either **post-communist** or

(over)

post-Christian (or both). Pastors in these countries need every possible tool at their disposal to reach their people with the gospel.

In some of their countries:

- Islam is the fastest-growing religion.
- Most of the glorious old churches and cathedrals are little more than museums (some have even become mosques).
- Current cultural and social ideologies reject the Judeo-Christian worldview.
- Suicide, drug addiction, alcoholism and violent crime are rampant among the youth.
- The sanctity of human life is cast aside.
- Most marriages end in divorce.
- Human trafficking flourishes.

With so many negative currents flowing against the church in Europe, tools like *Enrichment* journal are needed!

Please partner with us today to publish encouraging and helpful tools to bless the church in Europe.

European churches are pleading with Life Publishers to continue providing *Enrichment* in their mother tongues — German, Croatian, French, Hungarian, Russian, Polish, Ukrainian and Romanian. Here are some comments sent to us by European pastors who receive *Enrichment*:

“I read the Enrichment journal in German with great interest. The articles are compact, motivating, guided and also challenging to readers to serve in the kingdom of God with joy and sincerity. With all the different religious currents around us today, the experiences of other church leaders are of great profit for me in the service of God.”

Rev. Rolf Loeffel
Pastor of the Pentecostal Church of Lyss, **Germany**

“In so many ways, having the Enrichment journal in the Croatian language provides continual and healthy biblical encouragement and quality education for spiritual leaders. This is the best magazine for sure in this needy part of Europe.

Rev. Damir Spoljaric
Superintendent, Croatia Evangelical Pentecostal Church
Pastor, EPC Radosna Vijest, Osijek, **Croatia**

YES! Europe needs to hear the gospel again! And the people in the best position to proclaim the gospel message are our Pentecostal brethren living and working there. They are asking us to continue providing *Enrichment* journal to them. How could we refuse? Every \$12 you give provides *Enrichment* to one pastor for a full year.

How many pastors do you want to bless with this exciting ministry tool?

A gift of **\$12 will help give one pastor *Enrichment* journal** for a year; \$48 will help give it to four pastors for one year; \$120 will help give it to 10 pastors; \$240 will help give it to 20 pastors. Please mark your gift on the response form enclosed and mail it today or give online at **www.LifePublishers.org**.

You can be sure that the *Enrichment* journal will not just sit around and collect dust on pastors' coffee tables and desktops across Europe. These powerful ministry tools will be put to good use.

Working to reach Europe again,

P.S. Just \$12 will help give *Enrichment* journal to pastors in eight languages in at least 11 post-communist and post-Christian European countries. They need such tools to help reach Europe for Christ.
